What our guests say: **"An Artist Retreat"** Reviewed December 21, 2011

"I was on a business trip in March 2011 and was going to spend two months in Pretoria. The company chose Casta Diva. It is an Artist retreat. A pool, tennis court, small theatre. Lots of hiking! They have themed Casitas nestled throughout the compound and larger one-bed lofts with kitchens for those who want the luxury of a hotel but the amenities of home. The rooms are pristine and the staff is attentive to your needs and details. Loved my bed! Looking forward to the time I can relax, work, and play at the DIVA again. Thank you"

Vissi d'Arte our own Art Gallery & intimate Theatre events calendar January 2012

In 2011 Vissi d'Arte has had the pleasure of being a podium for artists to bring their work to life; focussing on the exposure of developing talent in our country.

Among the plays we had were, **"Vandag se Gister"**, **"Kruissteek vir Jong Dames"** and **"Kwa Ntliziyo Village"**. These performances helped to expose performing artists to the "reality" of making a living out of your passion, as well as giving young production companies, such as Artists Legend Legacy, a foothold in the business.

November was filled with good music and better company as we welcomed a number of Chris Coetzer's vocal students on stage; Carin Meyer, Ilana van Wyk, Liezel Steyn, Charl Roux - to name but a few. We also had the upcoming group **"1925"** and the talented Michael Riff Themba performing on our stage; the lovely Daniele Pascal honoured us with her **"So French"** performance, and of course our very own multi-talented Ndima Richard Ndzombane, Casta Diva's General Manager with his very first solo show titled **"All by myself..."**.

Let's not forget the stunning art exhibitions we've had at our intimate venue; works by Mark Enslin as well as Mimi van der Merwe have coloured our walls.

Also keep an eye on our facebook profile, Vissi Darte, to stay up to date on the coming attractions in our theatre.

It's hard to describe the sense of satisfaction one has after giving a person an outlet for their passion. At the end of the day passion is what it is all about.
